dlc vampyr - heirlooms of the hunters. vampyr the hunters heirlooms dlc. vampyr (+ the hunters heirlooms dlc multi9). vampyr (+ the hunters heirlooms dlc multi9) fitgirl repack

the dlc is a nice preorder bonus, but in my opinion it isnt worth buying seperate, mostly because the weapons are over shadowed by pre existing gear in the base game tho i preffer the barker over most guns other than the shotgun. the chostume is nice, i prefer it over the base suit. all in all it was a good preorder bonus, but it is worth buying on sale. my rating is 3/5 its good but could have been a bit better.. When do I see this DLC? I have it installed but do not see it yet?
